SUBMISSION OF FORMAL DRAWINGS

Pursuant to the Notice of Allowance issued January 5, 1995, Applicants are submitting a set of formal drawings to replace the informal drawings originally filed with the application.

In the Office Action dated January 12, 1994, the Draftsperson objected to the original informal drawings of Figs. 1-11 under 37 C.F.R. 1.84 because the lines were pale or rough and blurred and because the reference characters were poor or incorrectly sized. Some of the Figures of the informal drawings contained hand-drawn reference numerals. The formal drawings are identical to the drawings originally filed with the application except that the character of the lines has been improved so that the lines are no longer pale or rough and blurred and certain reference characters have been redone so that they are no longer poor or incorrectly

sized. As such, no new matter is being added. The Examiner's approval is therefore requested.

Respectfully submitted,

THIRD RESUBMISSION OF FORMAL DRAWINGS

Pursuant to the Supplemental Notice of Allowability dated December 3, 1996, Applicants are resubmitting the formal drawings to replace the informal drawings originally filed with the application. Applicants originally submitted the formal drawings, together with a letter to the Official Draftsperson, on March 6, 1995. A second set of formal drawings was resubmitted on December 9, 1996. Copies of both previous letters submitting the formal drawings, as well as copies of the formal drawings, are attached herewith. As a result of telephone inquiries to the Patent Office, it appears that both sets of formal drawings submitted on March 6, 1995 and December 9, 1996 have been lost in

the Patent Office. Accordingly, Applicants are now mailing a
Third Submission of Formal Drawings.
